Wisconsin Investment Partners Associate Program (WIPAP) Application

SECTION I: General Information

The mission of the Wisconsin Investment Partners Associate Program (WIPAP) is to build a community of early career professionals with an interest in startups and investing that complement and extend the expertise of the Wisconsin Investment Partners (WIP) network. WIP will engage with WIPAP to screen, evaluate and mentor startups. It's an opportunity to help develop the next generation of investors and advisors, as well as to introduce members to many entrepreneurs.

WIP is one the foremost angel investment group in Wisconsin, and has invested over \$50M to date, into 90+ portfolio companies and hundreds of investment rounds. With about 100 active members, WIP members bring a wide range of backgrounds and experiences to the investment process.

WIPAP facilitates the introduction of entrepreneurs to WIP, aids in screening potential portfolio companies, and educates its members on the subject of angel investing.

There are two types of meetings that Associate members are invited to attend (plus ad-hoc meetings as they arise):

- 1. WIP Deal Screen Meetings WIP meets on the third Wednesday of every month for deal screening. The deal screening groups review business plans, meet with entrepreneurs, and decide which companies to recommend for presentation to the entire group at a general investment meeting.
- 2. WIP General Member Meetings WIP meets every other month. The agenda at these pitch meetings typically consists of time to network, time for entrepreneurs to present their plan, engage in a discussion with members, and for members to have members-only discussion time to consider the business(es) being presented.
